From rough blueprint to finished building, Mesquite High School's development has been exciting. And just as the visible school has grown, so too has the spirit and loyalty of the student body.

A school building is constructed of steel, brick, and cement—strong and permanent. And yet, it is much more than just a building. It is students, teachers, and administrators all working together to achieve a common goal. That goal is to make Mesquite High School and its students the very best.

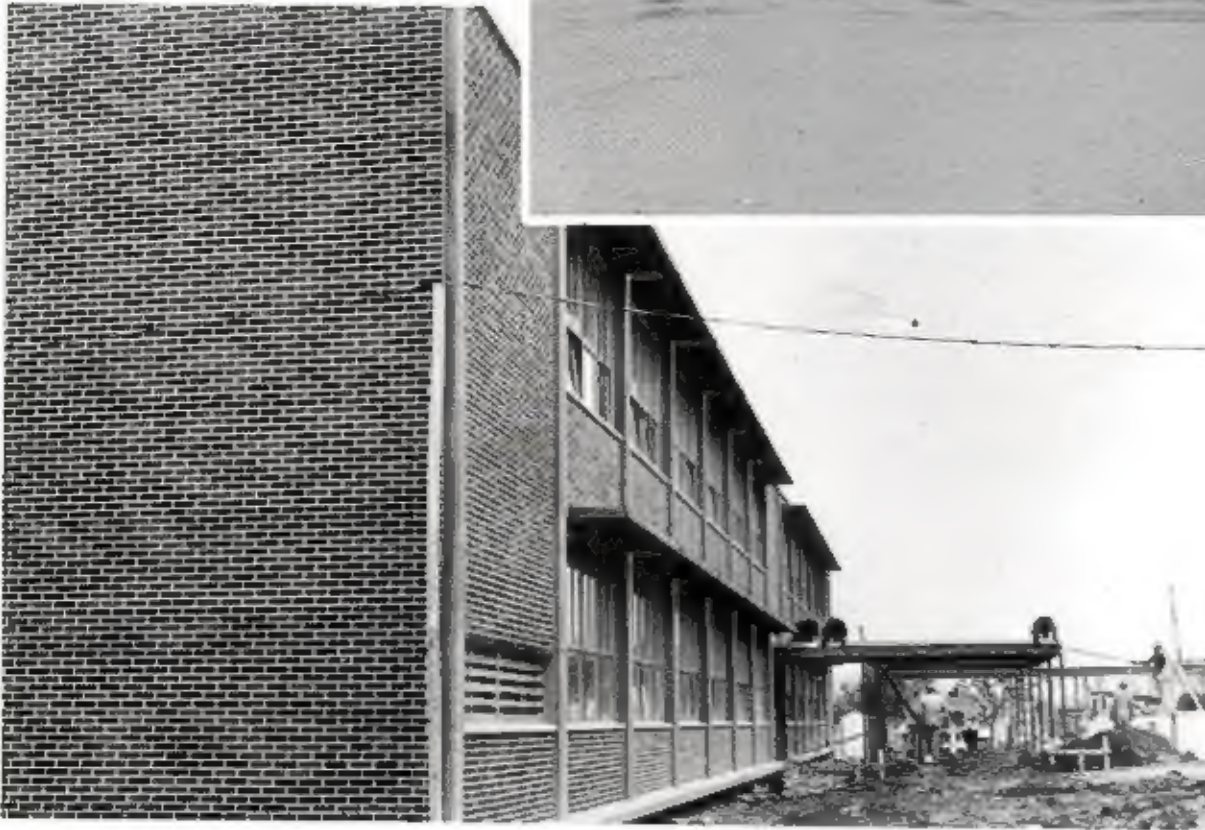

In the next few pages, we have collected several views of our campus. We hope that these pictures of what we believe is the greatest high school in Texas will recall for you many fond memories of the past year.

"It is the men and women, boys and girls so poured in and out all day that give the building a soul of dreams and thoughts and memories."

Carl Sandburg

STORMEY

F o r e w o r d

In keeping with our school system's theme of patriotism, we have chosen school spirit as the theme of the 1967 edition of the MESQUITE-O. School spirit is certainly a part of patriotism and a part that is most familiar to high school students. School spirit gives a student body unity. With this unity almost any worthwhile endeavor can be accomplished.

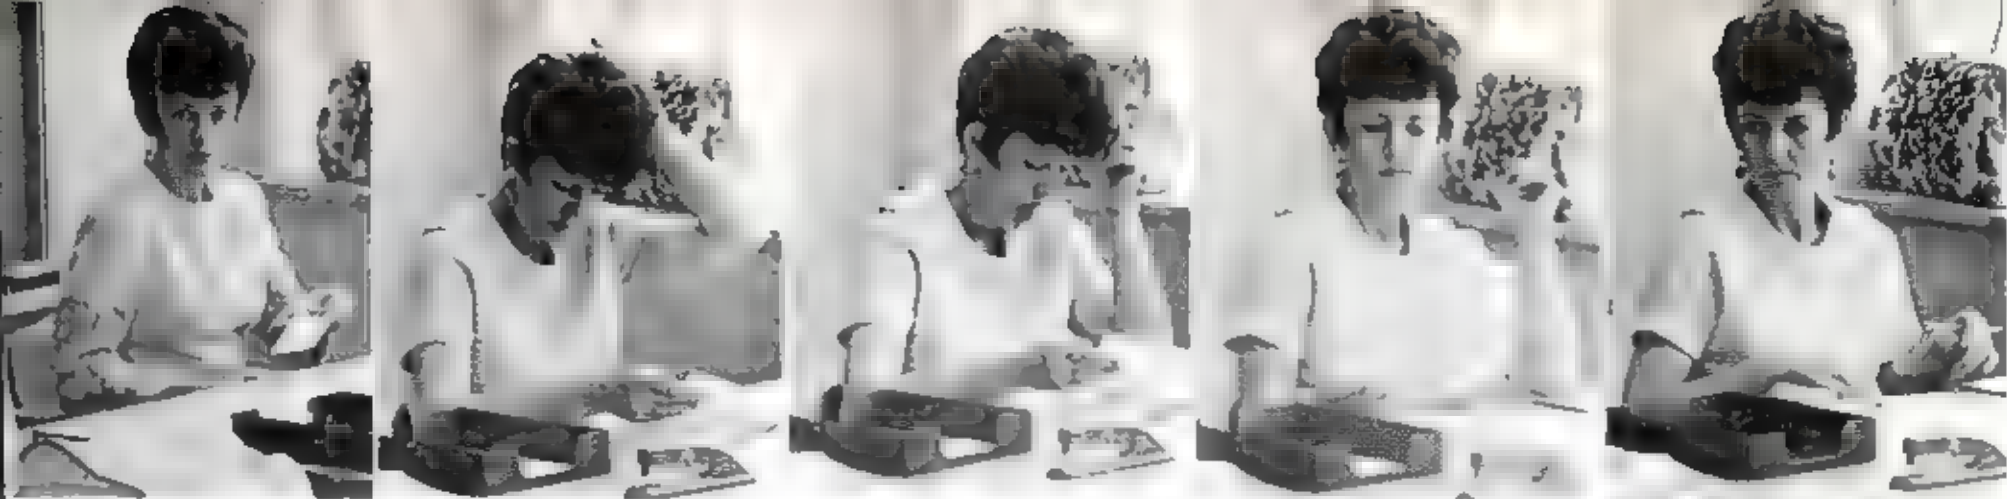

Through this yearbook, we have attempted to retain a history of this past school year. Of course, it is impossible to recapture each student's special moments. However, we have tried to present here the most important events—the time and effort spent in learning the fun of sports and activities, and all the little things that make MHS the great school that it is.

We have enjoyed our work, and we hope that in the years to come, the 1967 MESQUITE-O will help to keep alive the many memories of the past year.

We Dedicate The 1967 Mesquite-O

Mrs. Carolyn Zimmerman

"Z for Zim"

Mrs. "Zim", as she is affectionately known by students and teachers alike, is Mesquite High School's number one booster. An avid sports fan—she yells both for the Skeeters and for the Baylor Bears—a dedicated teacher, and always ready with an encouraging word, Mrs. Zim is truly an asset to MHS.

Her list of credits is a long one. She received her Masters Degree in Education from East Texas State University and has taught in the Mesquite School System for twelve years.

Mrs. Zimmerman's first teaching position in Mesquite was at Agnew Junior High; there, she taught American history. At MHS, she teaches business law, salesmanship, business math, and typing. For many years, Mrs. "Zim" served as a Senior class sponsor. And she was the *Mesquite-O* advisor for ten years.

In view of her many contributions to Mesquite High School and to the community itself, we proudly dedicate the 1967 *Mesquite-O* to Mrs. Carolyn Zimmerman.

*"And when our sands have fallen
Through life's great hourglass
May we have lived a life
That others might remember."*

Mark Medlyn

Mr. John Shedd

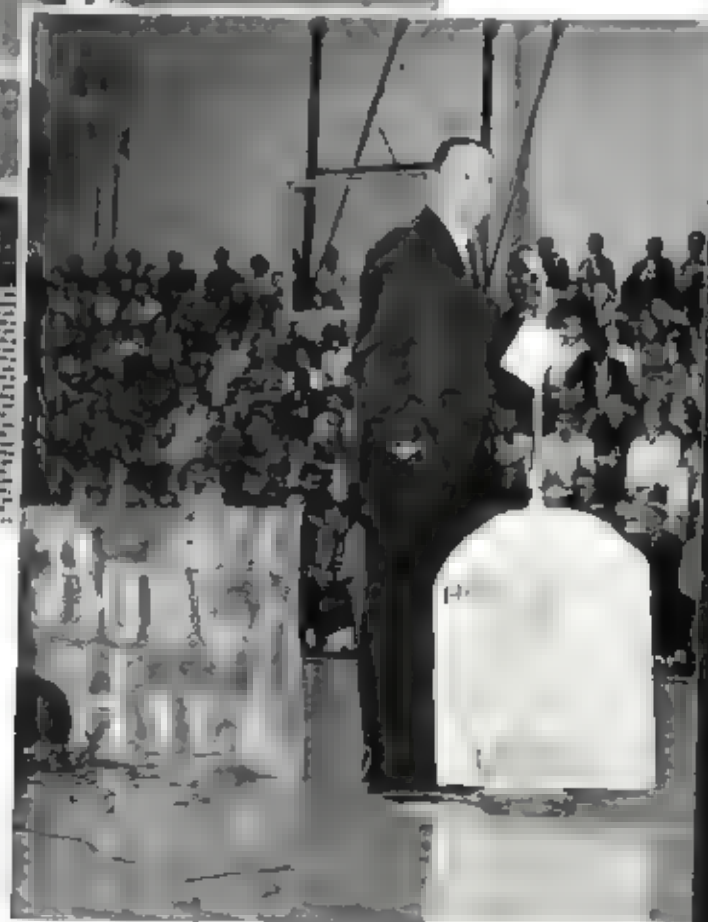

Although Mark had lived only sixteen years when he was shot and killed in January, he had made a place for himself with his friends and at school that will be remembered. He was a member of the National Honor Society, played halfback for the football team and was a winner of a prize last year at the Regional Science Fair.

Mr. Shedd spent many hours working with students in the distributive education program. He was energetic and friendly and went out of his way to be helpful to the students of MHS. He had been a teacher at Mesquite High School for two years when he was killed in an automobile accident on May 6.

Players, Coaches Celebrate Eventful Year

Each year at the end of football season, a banquet is held in honor of the Fighting Skeeters and award presentations are made. The guest speaker this year was John Bridgers, head coach of the Baylor University Bears.

And here we have
"The Big Five."

David Fultner, one of our best linebackers, was presented the "Skeeter Award" from the Mesquite Jaycees.

Coach Barton, who received a red flag and a whistle so that he could call his own games, deserves many thanks for a fine year

Pep Rallies Boost Spirit

Pep rallies are undoubtedly one of the most important parts of football season. Perhaps they, more than anything else, represent school spirit.

REMEMBER ... the majorettes many performances to the TJB tunes ... that "beautiful Highland Park cheerleader Arthurina Capps" ... that gorgeous "bar-fly" Miss Jackie Metcalf ... the day Cindy dropped the spirit bar ... the Skeeter Guard's victory sign ... the duel between Skeeter Man and the Carrollton Kid ... the "dance" of the mystery football team ... our mascot Stormey ... the Drill Team's routines ... the Skeeter Guard's many clever skits ... and last but not least—our fabulous football team!!

Continuing Edison's Research for Better Living...*Electrically*

The creative genius of Thomas Edison gave the world the first practical means of large-scale production, distribution and use of electric power.

Since Edison perfected the incandescent light and built the Pearl Street Generating Station in New York City, the research and development efforts of other men have resulted in thousands of electrically-operated devices and the facilities necessary to keep pace with an ever-increasing demand for electricity.

Today, investor-owned electric utility companies such as Texas Power & Light continue the search for more efficient and more economical ways to produce and supply electric power and thus to help assure better living ... electrically.

*Craftsmanship is unchanging, though
its techniques have been revolutionized
endlessly through the years.*

*Craftsmanship is precision . . .
knowledge . . . dexterity — patience.*

*But most of all, craftsmanship is
pride in the job — pride that goes
beyond pay or price or profit.*

*Craftsmanship is not a system that
can be installed by engineers. It is an
indefinable element that is bred into
the fabric of an organization by
inspired leadership and unending
insistence upon producing only the
finest. Craftsmanship works through
the mind and the hand, but its
genesis is in the heart.*

Craftsmanship is a blending
of many
things . . .
